# MOOSE LAKE - A BRIEF HISTORY

Moose Lake is a gem of a town located in scenic northeast Minnesota. Its approximately 2700+ residents are surrounded by historic and modern buildings and businesses. Residents and visitors can visit the agate and gem displays at Moose Lake State Park, see the world's largest agate on display at First National Bank of Moose Lake, and learn about the history of the 1918 Fire at the Moose Lake Historical Society. Other popular attractions in Moose Lake can be found covering a wide range of year-round indoor and outdoor entertainment opportunities including the Moose Lake Muni (on and off-sale), Moose Lake Brewing Company, art galleries, the public golf course, bowling, pickleball, and agate picking in the local gravel pits (permits required). There are spectacular trails in the area for both motorized and non-motorized use. The area lakes and rivers are a perfect place to fish and swim.

If you enjoy experiencing all four seasons of the year, Moose Lake is the place to be! Winters tend to be cold and snow, followed by beautiful springs filled with young wildlife and spectacular wildflowers. Summers are perfect for outdoor activities with average high temperatures in the upper 70s and low 80s (F). When the temperatures start to cool and fall arrives, the only way to describe the colors of the many species of trees here is "stunning."

The foundation of Moose Lake begins in the 1800's when Scandinavians settled in the area. Ole Amunson made the first permanent home along the eastern shore of Sturgeon Lake. The population of the area

quickly grew and on February 15, 1889, the Village of Moose Lake was incorporated. By 1890, there were approximately 169 residents.

The Northern Pacific Railroad and logging industry were both instrumental in the growth of Moose Lake. A depot was built in 1873 and then again in 1907 by the Soo Line Railroad. It was the second depot that did not burn when the 1918 Fire ravished Moose Lake and surrounding communities. It is speculated that sparks off a train ignited the dry brush. The fire was responsible for the deaths of 453 people, including 14 members of one family.

Passenger train service to Moose Lake ended in May 1959.

Moose Lake has its share of historical places, but it also boasts new, modern facilities, including the K-12 school, medical clinic, and surgery center.

Only three miles southwest of Moose Lake is the Moose Lake Carlton County Airport. It has a lighted, paved, 3,200-foot runway.

Former railroad lines have been converted to recreational trails, like the Willard Munger and Soo Line Trails. These are another way to see and be part of the beauty of the Moose Lake area.

Whether you drive, ride, float or fly in, the Moose Lake area has our unique home-town experiences and events for you and your family and friends to enjoy.

## **PARKS**

### **ART OHLGREN RECREATIONAL AREA**

Located on Highway 61 and Sand Lake Road, three miles south of Moose Lake, the park features two tennis courts, four pickleball courts, a full basketball court, a softball field, fitness court and covered pavilion.

### **ERVID T. CLEMONS MEMORIAL REST AREA**

Arrowhead Land and Lakeshore Drive, this park features a 100-foot fishing pier and picnic area. It is situated where Moosehead Lake feeds into the Moosehead River.

### **EARL ELLENS PARK AND RECREATION AREA**

Located centrally in Moose Lake off Highway 73, this park has plans for expansion. It currently features a large parking area with grass area.

### **GENERAL ANDREWS STATE FOREST**

This forest, located between the cities of Sturgeon Lake and Willow River and on both sides of the I-35 Freeway, is crisscrossed with trails used mostly by four-wheelers, snowmobiles, and occasionally fat bikers. It is commonly accessed from Dago Lake Road or Laketown Road (Hwy 46E).

### **GENERATIONS PARK**

Look no further, this is the perfect place for family and group get-togethers, and has a covered gazebo and picnic tables. The park is located at 20 Earl Ellens Drive. Nestled along the edge of the Moose Horn River, enjoy watching a variety of waterfowl, including swans and more. Contact the City of Moose Lake to reserve your space.

### **HALVERSON LITTLE LEAGUE FIELD**

Found behind Moose Lake Schools, Halverson Field offers a regulation softball/baseball field with team dugouts and equipment storage.

### **MOOSE LAKE CITY PARK**

Set on Birch Avenue and Third Street, this park features public swimming, renovated playground, picnic areas, band shell, bathrooms, changing rooms, open pavilion, public boat landing and enclosed pavilion with full kitchen and party room (available with reservations). For information call (218) 485-4761.

### **MOOSE LAKE STATE PARK**

Located on majestic Echo Lake, this park offers a well-maintained public swimming beach, picnic area, hiking and cross-country skiing trails, volleyball, camping, and boat landing. The Moose Lake Agate and Geological Interpretive Center is on site. State Park pass required. Located at 4252 County Road 137, Moose Lake, (218)460-7001 [mooselake.statepark@state.mn.us](mailto:mooselake.statepark@state.mn.us).

### **RIVERSIDE ARENA**

This facility is equipped with ice allowing for skating from October to March. The arena building houses locker rooms, a heated viewing

area, concession stand and restrooms as well as abundant seating. During the summer months, this arena is available for rent for events.

### **ROY PETERSON MEMORIAL PARK**

This park is located on Folz Boulevard. As a former bowling alley, this is a great location for a public playground and basketball court.

### **TOWN SQUARE**

Located in the center of Moose Lake's downtown area, this park's gazebo and gorgeous flowers offer a nice, shady place to sit and rest during a busy day or enjoy a picnic lunch.

### **TWILIGHT FIELD**

This is a great location and a great field. Twilight Field can be found adjacent to the Moose Lake Fire Hall on Highway 73. Proudly hosting the area youth softball/ baseball, this field boasts a great concession stand, dugouts and viewer seating.

### **VETERAN'S MEMORIAL PARK**

Found at the corner of Seventh Street and Birch Avenue, Veteran's Memorial Park honors the men and women who have bravely served our country. Two benches are set to allow a restful remembrance.

## **TRAILS**

### **DNR GRANT-IN-AID TRAILS**

The DNR opens up a network of "grant-in-aid" trails in the winter-time throughout the state, including in the Moose Lake area. These trails are mostly used by snowmobilers and occasional fat bikers. The trails can be found on an interactive map at [www.dnr.state.mn.us/snowmobiling/interactive\\_map/index.html](http://www.dnr.state.mn.us/snowmobiling/interactive_map/index.html).

### **MOOSE LAKE WOODLAND TRAILS**

The Moose Lake Woodland Trails consist of approximately three miles of rugged trails for non-motorized use, that pass through a variety of habitats. No permit or fee is required. Nearly one mile of trails pass close to the Moosehorn River. Deer, river otters, waterfowl, songbirds, and other various wildlife are often seen from the trails. Some portions of the trails are often wet and muddy while others are mostly high and dry. The trails are very popular with snowshoers, cross-country skiers and fat bikers in the winter months. All trails are signed to minimize the chance of getting lost. Cellular service and data are generally available. Pets are welcome, but please clean up after them.

### **"SOO LINE TRAIL" NEAR THE SOO PITS**

This part of the Soo Line Trail is located on county land on the north end of Moose Lake. It consists of a gravel road with various spur trails connecting to it. The trail is closed to automobiles but open to four-wheelers. The trail is mostly flat, and passes between two ponds where beaver and waterfowl can be observed. Fat bikes can ride on these trails in the winter months.

## WILLARD MUNGER STATE TRAIL

The nation's longest paved multiple-use trail stretches 72 miles from Hinckley to Duluth. While hiking, bicycling, in-line skating or snowmobiling, you'll have many opportunities to see wildlife and enjoy our scenic rivers, streams, and lakes from the many benches along the way. You'll also find plenty of opportunity for shopping, camping, and picnicking along the trail. This railroad grade provided escape routes for the Moose Lake victims of the 1918 fires. You will encounter several monuments and museums along the route. In our town, a scenic loop takes you right past the Moose Lake Railroad Depot and Fires of 1918 Museum.

## WATERWAYS

### FISHING

That great Minnesota fish, the walleye, is found in abundance in area lakes. Whether you prefer the warm summer breeze or the cold arctic air you'll find sunfish, crappies, bass, and northern pike, as well as sturgeon during the annual run in May.

### CANOEING AND KAYAKING

The many rivers that surround the area provide for some spectacular sites not seen by any other means. From Moose Lake's public canoe landing on the Moosehorn River to the various landings on the Kettle River, the quiet exploration of our wilderness is an adventure.

### BOATING

Recreational boating and water skiing is available on all area lakes, most of which are equipped with public landings.

# MOOSE LAKE 4TH OF JULY 2025

## 4TH OF JULY KIDDIE PARADE JUL. 3, 2025

# AGATE DAYS JULY 19-20, 2025

The beauty of the agate is always there, according to Ed Bender, one of the founding members of the Carlton County Gem & Mineral Club. The 90-year-old retired Carlton teacher said he is the last surviving member of the original group and still enjoys tumbling agates, although he purchases them at Agate Days in Moose Lake now.

In 1969 the Minnesota Legislature declared the Lake Superior agate to be the state's official gemstone.

Moose Lake dubbed itself the agate capital of the world, according to the Minnesota Department of Natural Resources.

This is due to the amount of Lake Superior agates found in the area. The gem and mineral club has been educating people for over 50 years. The Agate Days event attracts vendors from all over the world for the Gem and Mineral Show, which takes place at Riverside Arena at 20 Earl Ellens Drive. They sell a large variety of agates, gems, minerals and even rocks that glow in the dark. The event is so large that the vendor booths spill out of the arena and also fill a portion of the parking lot.

## Why are agates so prolific in Carlton County?

Although agates are found everywhere around the world, Moose Lake and Carlton County are unique in that they are a part of the Ice

Age history of the region. Many local residents take finding agates in driveways and alongside roads for granted. However, they are a gift from centuries of deposits that follow a path from the current Thomson Dam area, through Moose Lake and Kettle River as the water changed direction due to the giant ice dams.

Not only does Moose Lake produce a lot of agates, they are also home to a 108 pound agate, which is on display in the entry of the First National Bank. The huge agate was found about 45 years ago by Paul Ward and then placed on permanent display at the bank.

The two day event attracts agate lovers from all over. Along with vendors selling a huge variety of gems and agates, there is also Art in the Park, food, including the fireman's steak fry, music and of course the highlight of the event, the Agate Stampede.

Excited people of all ages line Elm Avenue early so they're ready to charge onto the street after two dump trucks drop 400 pounds of agates and hundreds of dollars in quarters.

The event will be held July 19-20, 2025.

## ART IN THE PARK JULY 19, 2025

## BREW FEST JULY 19, 2025

## NINE & DINE GOLF JULY 25, 2025

## MOOSE LAKE TRIATHLON AUG. 9, 2025

Athletes from around the state will dust off their bikes and lace up their running shoes as they prepare for the annual Moose Lake Triathlon.

Roughly 100 athletes of all ages and skill levels will descend on Moose Lake during this low key, family friendly event. The organizers hope to continue growing the event to 150 participants in 2025.

The competitors ranged in age from 10-80 in the last few years and came from nearby states as well as from further away like Missouri.

The local Rebel football team plays a huge part in the success of the event. The small town team is encouraged to perform community service and 35-40 student athletes volunteer to help with the triathlon each year.

On the morning of the race, they put the bike racks in place, the cones up and the barricades out. They also put the buoys out for swimming. When they're done, they come in and cheer on folks at the finish line. They are among the first to arrive to help set up in the morning and the last to leave after cleaning up after the event.

Local businesses and other organizations also pitch in to help make the event successful, including the fire department and local law enforcement.

The three part event begins with swimming at the city beach, then participants jump on their bikes and ride through pretty country roads to Barnum and back. The final leg of the triathlon is the foot race to the prison and back to the city park to be cheered on to the finish line.

Participants can tag-team the triathlon with friends or family members if they choose. One person can swim, one bike and another run.

Plan early if you decide to stay in town to participate or to just absorb the excitement of the day. The local campground along the scenic lake fills up early as do local motels.
